PERSONAL CARE
STOCK PRODUCT CATALOG

CAPABILITIES

WITH PRETIUM PACKAGING'S VARIETY OF STOCK AND CUSTOM PACKAGING OPTIONS, YOUR CUSTOMERS ARE SURE TO TAKE NOTICE.

It's important for brands to stand out and differentiate themselves in any way possible in a highly competitive consumer market. This is especially true in the personal care market.

Pretium offers a complete range of stock bottles, jars and closures for the personal care market, spanning from the smallest sample sizes to one-liter options, with plentiful sizes and shapes in between. We also have a nice assortment of larger containers used for bulk quantities of salon products. Whether you're in need of rounds, oblongs or ovals, our custom-color matching can deploy your brand's color scheme across multiple sizes and shapes in your line. Need your components decorated? We have on-site decorating in our St. Charles, Illinois facility where many of our jars and corresponding closures are manufactured.

Are you looking for sustainable solutions? Pretium excels there too. We can make any one of our PET and HDPE bottles and jars from domestically sourced or certified ocean bound post consumer resin (PCR).

We offer bottles and jars with 30%, 50% or 100% PCR to meet your environmental and aesthetic objectives.

Many of our stock molds are also available in optimized, lighter-weight options which you can combine with PCR or plant-based bioresins.

Here are the materials and packaging options we offer within this catalog:

	Polyethylene Terephthalate (PET)	High Density Polyethylene (HDPE)	Polypropylene (PP)	Clarified Polypropylene (PP)	Crystal Styrene (CS)
Narrow Neck Bottles	X	X	X	X	
Wide Mouth Jars	X	X	X		
Single-Wall Jars	X	X	X	X	X
Double-Wall Jars		X	X		
Closures		X	X		

HISTORY

PRETIUM'S LEADING POSITION IN THE PERSONAL CARE SEGMENT

is the result of two acquisitions that form the most trusted portfolio of personal care packaging options in the industry.

OLCOTT

Olcott Plastics was a single-site facility centrally located in St. Charles, Illinois. Operating twenty-four hours a day, seven days a week, this facility produces hundreds of jar, cap and closure combinations.

Olcott was founded in 1969 and was acquired by Pretium Packaging in 2019. A staff with hundreds of years of combined packaging and injection molding experience provides our customers with extensive know-how in the plastic jar marketplace.

The Olcott brand is known as the leader in single wall and double-wall plastic jars and caps for customers' beauty requirements. It has a long reputation supplying private brands and major CPG companies with polyethylene terephthalate (PET), polypropylene (PP), polystyrene (PS) and crystal styrene (CS) jars, as well as PP closures.

Alpha Packaging was acquired in 2021 and brought eight additional manufacturing locations in the U.S., Canada and Europe, as well as a broad portfolio of personal care packaging solutions.

The Alpha brand is best known for its extensive range of narrow-neck PET bottles ranging in size from 1 ounce to 1 liter, as well as a full range of PET jars from 1 ounce to 32 ounces. Most of Alpha's PET bottles and jars are made in multiple locations, so personal care brands can take advantage of FOB points close to their filling locations.

Alpha Packaging also brings a reputation for offering sustainable solutions including post-consumer resin (PCR), plant-based bioresins and light-weighted bottles and jars.

BOTTLES

PET TRADITIONAL BOSTON ROUNDS

Our extensive line of PET Traditional Boston Rounds runs from 1 ounce to 32 ounces in size. The 4-, 8-, 12-, 16- and 32-ounce sizes feature a taller, more slender profile than our line of Squat Boston Rounds, but the smaller sizes fit in with either family. We offer several neck finishes ideal for pumps, sprayers and droppers.

PET SQUAT BOSTON ROUNDS

Our line of Squat Boston Rounds features a wider, shorter profile than our traditional line of Boston Rounds. The Squat line is ideal for liquids and lotions, with several neck finishes to accommodate pumps and sprayers. The wide base also gives added stability to dispensing methods that require downward pressure. The proportions of the 1-, 1.5- and 2-ounce Traditional Boston Rounds fit in perfectly with our Squat line, so please see our line of PET Traditional Boston Rounds if you need smaller sizes.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Height x Diam.	Process

PRETIUM

PET COSMO ROUNDS / BULLETS

Ten sizes of PET Cosmo Rounds, also commonly referred to as PET Bullet Rounds, are ideal for hair care products and lotions. This sleek family is more narrow than our Boston Rounds, giving your line a taller appearance in a wide range of sizes. The PET resin accepts colorants well for transparent, translucent, opaque and metallic effects. Let us create a custom color for you!

PET MODERN ROUNDS

Modern Rounds are ideal for liquid pharmaceuticals and supplements, and a variety of neck finishes accommodate pumps, droppers and sprayers. Our 1-ounce style features straight sides, while the 2-, 4-, 8-, 12-, 16- and 32-ounce styles all have indented label panels. The indented label panel area gives added protection to the label on retail shelves.

PET METRIC OBLONGS

Our apothecary-inspired line of PET Metric Oblongs brings an old-fashioned, medicinal character to your personal care lines. These are also great for dish soaps and other household products, and this family of bottles offers a large label panel area for your branding. The 100ml Metric Oblong is also available in a slightly heavier (15.5 gram) 2-stage (reheat and blow) version from our Cleveland, Ohio plant with a case pack of 475 and has a 50,000-piece minimum.

PET CAPRI OVALS

Capri Ovals come in three popular sizes and several neck finishes, ideal for your full line of personal care products! The PET resin accepts colorants well for transparent, translucent and opaque effects. This graceful, slope-shouldered bottle looks especially good in metallic colors, which catch the light and emphasize the unique oblong shape.

PRETIUM

PET 38MM BULLET ROUNDS

Our line of 38mm PET Bullet Rounds is ideal for personal care products such as lotions, shampoos and conditioners. The bottles are easy to label, screen print or shrink wrap. The 38mm neck gives these bottles a different shelf presence than traditional narrow-neck bullet-style bottles, so they are perfect for male grooming products.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Height x Diam.	Process
9oz	009-016A	282.0ml	38-400	240	19.5	5.176 x 2.260	RHB

16oz	M1046	517.5ml	28-410	164	30.1	5.227 x 3.444	RHB

PET TAPERED OBLONGS

We introduced the 2-ounce Tapered Oblong in response to customers who wanted a sleek, sample-sized bottle that would look “architectural” underneath dropper and sprayer closures. PET gives this bottle the look of glass, but the shatterproof plastic makes it a perfect travel-size package for small quantities of any personal care liquids and lotions.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Ht. x Width x Depth	Process
2oz / 60ml	2OB20410PET	66.5ml	20-410	1120/T	8.2	3.750 x 1.595 x 1.100	ISBM

BOTTLES

PET HONEYCOMB OBLONGS

Originally developed for the honey market, our PET Honeycomb Oblongs are perfect for bath and body products that contain honey or other natural extracts. Both sizes feature a standard 38-400 neck finish and a classic, contoured design on the side panels.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Ht. x Width x Depth	Process
10oz	010-029A	331.0ml	38-400	225/T	23.7	5.215 x 3.129 x 2.000	RHB
20oz	020-023A	663.0ml	38-400	120/T	36.5	6.665 x 4.026 x 2.490	RHB

PET BABY CARE BOTTLES

Pretium makes a number of bottles traditionally used for baby care products such as shampoos and baby oil. Look like the market leaders in these stock styles.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Height x Width x Depth	Process
14oz Baby Oil	M5043	446.0ml	28-410	252	30.9	7.480 x 2.920 x 1.820	RHB
20oz Baby Oil	M4524	620.0ml	28-410	165	36.5	7.670 x 3.660 x 2.278	RHB
20oz Shampoo	M4504	624.8ml	28-410	158	35.5	8.710 x 3.620 x 2.090	RHB

CAROW SNAP OVALS

Pretium manufactures these 500ml PET Ovals to match up with special snap-on 28mm closures available from Carow Packaging. You can achieve many different looks with this one bottle when you pair it with Carow's many interchangeable closures.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Height x Width x Depth	Process
500ml	M4493	531.0ml	28-410	236	36.0	8.575 x 3.165 x 1.916	ISBM

PET TEO TUBE

The PET Teo Tube is an inverted bottle designed to stand upright on its closure. It's perfect for any thick lotion or haircare product that dispenses best when stored upside-down on the shelf.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Ht. x Width x Depth	Process
250ml	008-062	270.5ml	38-400	280/T	23.7	6.601 x 3.174 x 1.718	RHB

PET HUDSON OBLONG

The 12-ounce PET Hudson Oblong is frequently used for body lotions, hand soaps, and even insect repellents.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Ht. x Width x Depth	Process
12oz	012-055	356.0ml	38-400	200/T	23.7	6.175 x 2.880 x 1.900	RHB

PET FREEPORT CYLINDER

The versatile PET Freeport Cylinder is great for powders, liquids, even bath salts! The 38mm opening fits a variety of dispensing closures and shakers. Need it in a different size? Talk to your Pretium Sales Representative about extending the line.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Height x Diam.	Process

JARS

PET WIDE MOUTH JARS

Our extensive line of PET Jars is ideal for personal care products such as bath salts, creams, balms, gels and body scrubs. Ranging in size from 1 ounce to 32 ounces, this line is known as the Alpha Packaging jar family. We manufacture most of these sizes at multiple locations across North America, so customers can choose from FOB points in Jacksonville, Florida; St. Louis, Missouri; Bethlehem, Pennsylvania; Carrollton, Texas; and Salt Lake City, Utah.

PRETIUM

PET SEAMLESS JARS

Our line of Seamless PET jars is what made the Olcott brand famous for the most popular PET jars in the personal care industry. Our lightweight jars are clearly different as the result of a revolutionary molding process that produces seamless, crystal clear jars without waves or distortion. These recyclable jars also have lighter construction compared to conventional PET jars for a sustainability success story. Manufactured in the Chicagoland area, we can make and decorate these jars from a central location.

PET CRC-COMPATIBLE JARS

Our newest product line expansion is a family of PET jars designed to mate with 63mm and 70mm push-and-turn child-resistant closures with a “flush fit” design that eliminates the awkward “overhang” of the CRC closure. This sleek new product line is ideal for CBD products that require a CRC closure.

WWW.PRETIUMPKG.COM

PET PALERMO JARS

Our line of Palermo Jars feature an elegant oval shape that stands out against traditional round jars, and also fits more conveniently in consumers' medicine cabinets. In clear or colored PET, the jars have a glass-like appearance – but with the safety and convenience of plastic.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Ht. x Width x Depth	Process
6oz / 188ml	188PAL70PET	202.0ml	70-400	390	21.5	1.900 x 3.600 x 2.940	ISBM
8oz / 250ml	250PAL89PET	293.0ml	70-400	300	21.5	2.420 x 3.869 x 2.940	ISBM

PET FIRENZE SQUARE JARS

Our popular line of Firenze Square Jars features art deco-inspired beveled corners and a low profile for a sophisticated look on retail shelves.

Size	Mold #	Overflow	Neck Finish	Case Pack	Weight	Ht. x Width x Depth	Process
4oz / 125ml	125FRN70PET	146.0ml	70-400	280	21.5	1.538 x 2.930 x 2.930	ISBM

HDPE LOW-PROFILE JARS

Our line of low profile HDPE jars is designed to mate flush with child-resistant closures (CRCs) from MRP Solutions. These jars are suitable for any product that requires child-resistant packaging, including legalized cannabis products, iron supplements, pain relievers and other OTC products. They can also work with standard continuous thread (CT) closures for personal care products.

BACK OF HOUSE

A VERY IMPORTANT COMPONENT OF THIS MARKET IS THE SALON INDUSTRY

that introduces consumers to new products and treatments. The personal care industry is not just what you see at retail. Pretium has a wide range of back-of-house solutions for large volumes of salon products, from clear 64-ounce PET Decanters to one-gallon HDPE handled Industrial Rounds. Let us know what you need to package and how you need to dispense it, and we will find the container that meets your needs.

DECORATING

PRETIUM OFFERS A VARIETY OF DECORATING OPTIONS, including silk screening up to six colors on automated servo-driven equipment. We can also offer offset printing on jars and closures in one to five colors; pressure-sensitive labeling for jars and closures; and cap printing of one color on the top of your closure.

PRETIUM

PRINTED CARTONS

PRETIUM RECENTLY ACQUIRED THE CAPABILITY TO CUSTOM PRINT AND DIECUT CUSTOM CARTONS FOR PERSONAL CARE APPLICATIONS.

Our capabilities include eight-color printers with embedded varnish towers, and modern equipment with cutting edge technology like micro-corrugated cardboard laminators and high thickness cutters. If your project requires secondary packaging, ask about our expertise in this area!

CLOSURES

PRETIUM OFFERS A VARIETY OF FLAT AND DOMED CLOSURES

to accommodate your jar requirements. All of our caps and closures deliver superior fit and finish. Need a lined cap or closure? We've got what you need to match up with our HDPE, PET, PP, CS and CP jars from 48mm to 120mm. Closures are sold separately when you purchase the primary container from Pretium. For more information, speak with your Pretium account manager.

ADDITIONAL INFO

HERE'S A KEY TO SOME OF THE ABBREVIATIONS YOU SEE IN THIS CATALOG:

PET – Polyethylene Terephthalate, a clear and easily recyclable resin that accepts colorants well.

HDPE – High Density Polyethylene, the second-most recycled resin.

PP – Polypropylene, a versatile resin with higher fill temperatures than PET or HDPE.

CP – Clarified Polypropylene, a clear version of polypropylene with the same heat-tolerant advantages.

CS – Crystal Styrene, a crystal-clear resin available in select jars.

MOD – A modified deep-skirt neck finish that accepts deep skirt closures.

PANO – A modified neck finish that accepts a tear-strip closure.

CRC – Child-Resistant Closures as defined by the Consumer Products Safety Commission.

/T – (when used as a suffix to a case pack) – These bottles are Tumble Packed.

Most of our other bottles are Stack Packed.
