

## INTRODUCING THE NEW EUROPEAN **CUSTOM BLOW MOLDING LINE OF SPORTS NUTRITION PACKAGING**

Pretium Packaging is now manufacturing our popular range of Custom Blow Molding (CBM) sports nutrition canisters at our factory in Ballyconnell, Ireland. CBM is considered the leading brand of sports nutrition packaging in North America and holds a substantial market share among sports and active nutrition brands in the U.S. and Canada.

**The first CBM product line available in Europe is the Euro Jar line of 100mm HDPE cylindrical jars.**

Euro Line jars are currently available in 500ml, 750ml, 1000ml and 1250ml sizes, all with a 100-400 neck finish that accepts standard continuous-thread closures. Standard colours include white, black and natural HDPE. They are sold in full pallet quantities and may have minimum order requirements.
